BEARINGS

Sturdy looks, smooth performance

Since 1990, the year of inception, we craft rollers for sliding windows that ensure smooth performance and sturdiness. Our motto has always been to create each piece as a masterpiece by using best quality raw materials. Correspondingly, many of our products are backed by “5 YEARS GUARANTEE” signifying our focus towards manufacturing durable products. As a consequence, we have been rewarded by our customer’s confidence and loyalty. Often, our original designs have become trendsetters forcing competitors to follow suit.

We strive to view our product quality from end users’ perspective & give them value for money. Our ever expanding range of products fit the large spectrum of aluminum window sections. Nevertheless, we can develop customized products/solutions as per client’s requirements.
